April 2, 2024

Good evening Overlea Families,

On the heels of a tragedy, such as the collapse of the Key Bridge, our hearts might be saddened. The suddenness of a tragic event can leave us feeling overwhelmed, in disbelief and in sadness. As the BCPS and Overlea High School community, we are coming together during this difficult time to provide support. Tomorrow we will have student support services team members (counselors, social worker, psychologist) who will be available to provide support throughout the day. Additionally, there are a wealth of resources available that we will be sharing with parents, families, and staff. We know that it will take time to bounce back from an event such as this, but we know that we can. Know that you can reach out for support at any time.

Have a great evening,

Dr. Monica Sample

Dr. Monica Sample
